

Ezequiel Gatica

Full Stack Developer & Tech Lead

ezequielgatica@gmail.com
Saavedra, Buenos Aires, AR

WORK EXPERIENCE

Tech Lead

Kovix

May 2024 – present

Promotion to a position where I participate in the meetings with the client's product team discussing the new features we will add to the system. My job is to design and transform the idea into reality with my team of developers and technical know-how in the field.

Full Stack Developer

Kovix

Jan 2022 – May 2024

Lead developer of a completely customized WMS for Frávega, one of the biggest retailers of electronics in Argentina, satisfying all the technical requirements and necessary integrations with the E-Commerce platform. The software allows for 1000's of orders being processed per day, and is completely tailor-made.

EDUCATION

Bachelor's Degree in Information Technology

University of Palermo

2025 – 2027, Palermo, AR
